Liquid Tight Terminal Enclosures at General Purpose Enclosure Prices

Heavy Duty/Liquid Tight Enclosures for Screw Plug Heaters

“Helmet Head” Immersion Heaters by Warren Electric Corporation

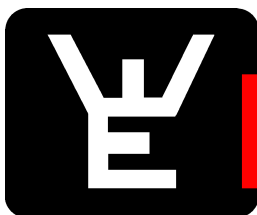

Warren Electric Corporation has always offered the finest mechanical protection for screw plug heaters by using a cast aluminum General Purpose enclosure.

This concept has now been taken one step further by offering a greater degree of protection from oils, dirt, dust, liquids, and other foreign objects entering the terminal area with a new extremely rugged enclosure called the “Helmet Head”.

Introducing the new toughest members of the Warren Electric Corporation Immersion Heater Family...

FEATURE	BENEFIT
Moisture/Dust Resistant	<ul style="list-style-type: none">• Low Cost Option for Outdoor/Indoor use where Splashing/Dripping Liquids or Airborne Contaminants are Problematic
Smaller Physical Profile	<ul style="list-style-type: none">• More Heaters in Same Amount of Space• More Efficient Packaging in Confined Areas
Cover Easily Removable	<ul style="list-style-type: none">• No Special Tools Needed• No Mounting Hardware to Lose
Malleable Iron Cover	<ul style="list-style-type: none">• Superior Resistance to Mechanical Impact• Rugged, Durable, Heavy Duty Protection• Extends Heater Life

Warren Electric Corporation

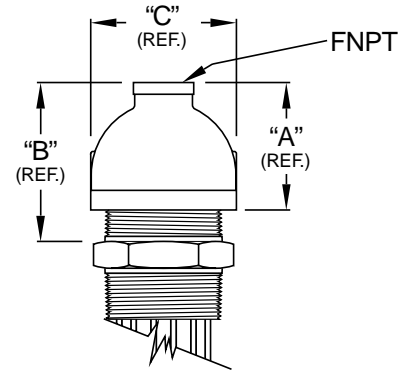

Helmet Head Heaters

Electric Process Heaters for Industry

"Helmet Head" Immersion Heaters by Warren Electric Corp.

This compact, versatile "Helmet Head" terminal enclosure design for heaters makes installation in a confined area more manageable. Built of tough malleable iron with plugs of steel, stainless steel, and brass/bronze, the "Helmet Head" is tough enough for the harshest outdoor conditions but practical enough for indoor use.

MODEL I.D.	NPT SCREW PLUG	"A"	"B"	"C"	FNPT
FS	1"	1 3/4"	2 1/2"	1 7/8"	3/4"
GS	1 1/4"	2 1/8"	2 7/8"	2 1/4"	3/4"
QS	1 1/2"	2 3/8"	3 1/4"	2 1/2"	3/4"
PS	2"	2 3/4"	3 5/8"	3"	3/4"
RS	2 1/2"	3 1/4"	4 1/4"	3 5/8"	1"
CS	3"	3 7/8"	4 5/8"	4 3/8"	1"
